

Door Saver II

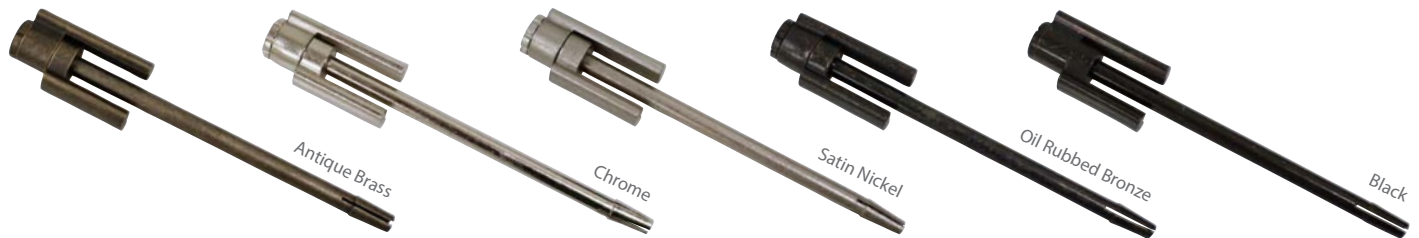

An Open and Shut Case for Advanced Door Protection

Its ultra-low-profile design replaces the hinge pin to create bumperless protection for doors and trim. DoorSaver II is simple to install, looks great and stays in place without “working up.”

- Bumperless design eliminates damage to doors and trim
- Available in standard and commercial grade
- Ultra-low profile in several designer finishes
- Installs in seconds, no tools required
- Hinge mounted to fit all doors
- Won't work up like conventional hinge-mounted products
- Made from strong carbon steel
- The **DoorSaver II Commercial** features twice the metal of the standard DoorSaver II. It has a larger diameter hole which will accommodate the bigger hinge pins common in 4 ½" – 5" hinges. Hinge mounted to fit all doors with removable hinge pins.

Door Saver II
