

Floating Shelves

3D Laminate and Wood Veneer

Introduce open concepts with stylish, versatile floating shelves. Whether you're creating long, streamlined displays or short, layered looks, Northern Contours offers a variety of colors and finishes to accentuate your design.

FEATURES

- Miter fold construction on an engineered core.
- Standard shelf height is 2", standard depth is 10". Widths available in 1/6" increments from 24" to 72".
- Available in all Wood Veneer species and all 3D Laminate color selections. Wood Veneer option is sold unfinished.
- Standard grain direction will be horizontal on top, bottom and front edge. Ends will have vertical grain. Option of horizontal grain on top, bottom and all edges.
- Metal brackets are included with your order unless an open back is specified for customer supplied wall cleats.
- Shelves up to 48" have an optional 20" bracket. Shelves 48" to 72" have an optional 40" bracket.
- Max load weight for optional bracket is 10lbs per lineal foot.
- We recommend securing the bracket/cleat to the wall and then securing the shelf to the bracket/cleat.
