EDUCATION

Richelieu

Educational environments today serve “kids” of all ages from kindergartners to senior citizens. School classrooms, student life centers, student housing and other spaces within educational environments must withstand the daily rigors of these highly utilized areas and meet strict sanitation standards. These spaces must be built to last while providing an inspiring and safe setting that supports learning.

MEGANITE meets the challenges of today’s educational facilities by offering a sanitary, durable, renewable and affordable product solution that stands the test of time.

MEGANITE. A Solid Partner.
