

## Dual Mode Precision Plunge Router 2 HP

493249  
MOF 001

**Soft Start & Variable Speed**  
provides the perfect speed for all cutter types

**Removable Plunge Spring**  
for easy bit adjustment when table mounted

**Micro Winder**  
enables continuous fine depth adjustment through the full plunge range

**Quick Access Brushes**  
allows the end user to change worn brushes

**Safety Switch Shutter**  
locks closed in bit-change mode to prevent router being switched on

**Switching from a Plunge to a Fixed Based Router**  
with rack & pinion adjustment, is as simple as pushing a button

**Side Air Vents**  
reduce intake of dust into the motor casing when mounted upside-down in a router table

**1/2" & 1/4" Collet**  
for a great range of bit fitment

**Fully Enclosed Guarding**  
provides maximum protection from the cut zone & assists dust extraction

**3 Stage Turret**  
with direct reading scales for precise pre-set cut depths
